CYPRESS PLACE ASSISTED LIVING

DEMENTIA AND ALZHEIMER'S ASSISTANCE

Given the progressive nature of Alzheimer's and dementia, our support services may be able to provide physical and emotional relief as well as peace of mind for families with a memory impaired loved one.

Benefits include:

- Buildings secured with keypad entry
- Regular nurturing interaction
- Diet and exercise monitoring
- Trained staff available 24 hours a day
- Daily observation of resident health and behavioral needs
- Medication assistance
- Emergency Call System

CONTINUUM OF CARE

Cypress Place's continuum of care program will build on any future changes to the residents needs from the very beginning. Our trained staff work together to carefully monitor our residents so if changes arise, we can update their level of care quickly to ensure better health outcomes, lower stress, and reduced expenses.

If your needs require rehab-to-home, long term skilled nursing, and/or secured memory care, our sister facility Magnolia Place Wellness and Rehabilitation can respond effectively to preserve and expand the highest quality of life and independence for each resident.

LIFE ENRICHMENT
